

Hello Patrick,

Thank you for posting the meeting notes for the 1000 East Wash project. I wanted to reach out to the committee because I am an employee of the 60 person design firm that will occupy part of the retail space. I am over the moon about living so close to work and excited that my company will be part of this community. I want to express my excitement and support for this project as a home owner in this neighborhood as well as a future employee in the new building. If you have any need for my input I'm happy to give it and wanted to let you know that there are several owners and tenants in this neighborhood who will be working there with me. So exciting!

All the best,

Corin Frost
