DOWNTOWN LIVING PROMOTED

NEIGHBORHOOD OPEN HOUSE PLANNED

Our neighborhood goes on display as part of the City's promotion of the downtown as a good place to live. Besides attracting homebuyers, this event gives us a chance to meet or reacquaint ourselves with some talented neighbors and interesting homes and gardens. This event is scheduled for Sunday, May 21, 10 am-4 pm.

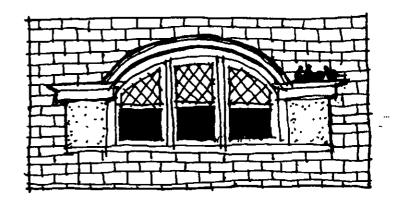

Come enjoy cookies at Lapham school while looking at displays by neighborhood artists and businesses, as well as photos, brochures and maps.

Tour some open houses, gardens and businesses, or stop in at the Tenney Nursery and Parent Center at Lapham school.

Ken Vogel's puppets and Pam Petrov's clothes designs are just two examples of the wide range of talents that will be on display. Period houses with design work by neighborhood contractors such as Tom Schmidt and Jim Holmes will be open. Oriental and herb gardens are included among the list of yards open to investigation.

We are still organizing this extravaganza. Anyone who would like to share a talent or volunteer for work at information tables, putting up balloons, etc., please call Valerie Mellerop at 255-4524 or Rob Latousek at 255-6979.

On a broader scale, Downtown Madison, Inc. (DMI), is currently under contract from the city to coordinate an informative promotion on downtown living. This project is expected to include some radio advertising and a tabloid to be published on the advantages and unique opportunities of living in older downtown neighborhoods. Keep your eyes and ears out for the results of this effort, and do your own part to carry the banner among your friends and coworkers!

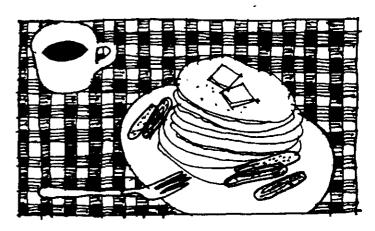

Spring Social Gathering

TLNA PANCAKE SUPPER

TLNA will sponsor its annual Pancake Supper on Sunday, April 16 at 5:00 p.m. at Christ Presbyterian Church, 944 E. Gorham.

Come and enjoy all the pancakes, sausages, applesauce and beverages you can handle. For adults the price is \$2.50 and for children \$0.75. What a great way to get together with your neighbors! See you there.

If you are interested in helping with this event please contact Pam Polenz at 256-7646.

The Newsletter of the Tenney-Lapham Neighborhood Association is published quarterly and distributed without charge to all households in the Tenney-Lapham Neighborhood (delineated by Lake Mendota, North Livingston Street, East Washington Avenue, and the Yahara River). Requests for information regarding submissions and advertising may be directed to the Newsletter Editor, TLNA, P.O. Box 703, Madison, WI 53701.

SCHOOL BOARD ELECTION

TLNA has attempted to solicit responses from all of the candidates running for school board seats in the April 4 election. Richard Linster has covered the candidate forum sponsored by the Isthmus Neighborhood Council (March 16) and asked all candidates for personal interviews.

As you may notice below there are sketches of only three of the six candidates for the Board of Education. Jerry Smith (seat 4 candidate) was unable to attend any of the forums this season and was unavailable for further comment. Eyvonne Crawford-Gray and Paul Dvorak (seat 3 candidates) did join James Fullin, Peter Wiliams and Earl Kielley at a forum recently at Lapham auditorium but were not available for personal interviews.

Of all the candidates Kielley was the only one to oppose the reopening of Lapham School. He would prefer to send middle school children to East or LaFollette High Schools rather than transfer elementary students to Lapham. Such a move would weaken the Marquette neighborhood and perhaps erode parents' support for education. He was countered by Williams who felt that a proposed addition to Marquette "is not a realistic alternative." The kindergarten transfer "is a signal to begin the move from Marquette to Lapham. . .I think this school (Lapham) will serve the community well."

Crawford-Gray and Dvorak wanted to further study the issue. "There hasn't been a real clear cut line for me to make a decision. . ." Crawford-Gray said. Dvorak felt that the reopening of Lapham was inevitable. "I don't know what the right answer is, I've looked at the numbers, and I think at some point we're going to have to open Lapham School." Dvorak was also bothered by "political infighting" among some attendance district residents and felt that this may be fueled by the unwillingness of the Board to make a long term decision on the matter.

Seat 7

PETER WILLIAMS

Professional/Community Involvement: Data processing trainer - Budget analyst and purchasing manager - PhD and MA in History, UW-Madison - US Army veteran - 3 children - appointed to BOE in September, 1988 - Chairs Building and Grounds and Integration Monitoring Committees - Vilas-Brittingham Neighborhood Planning Committee - Sherman Terrace Community Association, President.

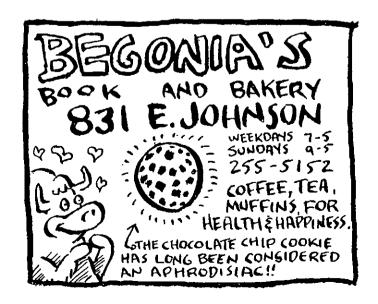

Why does he wish to serve on the school board? To continue the work started on involving minority achievement, multicultural programming. He feels he has broad experience in the issues of housing and land use. He is interested in a better planning focus in regards to the changing work force that will be educated now for the next century.

Focus: The district needs to get a better handle on the numbers and demographic mix. There should be better strategic planning, program evaluation. He would like to see more community and parental involvement. He supports early intervention.

EARL KIELLEY

Professional/Community Involvement: Labor negotiator and management consultant public/private sector - life long Madison resident - 3 children - VP, Church Council - Big Brothers -Glendale PTO - Optimist Club - Little League and T-Ball Coach - LaFollette Booster Club.

FROM THE ALDER

"Sweep Week" Set for April 10-14

Recycling may be the hottest topic in local government during 1989. When Dane County barred yard waste from the Rodefeld landfill as of

January 1, the scramble was on.

So what's on tap? There will be a one-time "sweep week" from April 10-14. For that week only, your yard waste will be picked up on your regular trash day if it is placed in a clear disposable bag. After that week, the city cannot pick up yard waste, but you will be able to take it to three drop-off sites---1501 W. Badger Rod., 4602 Sycamore Ave. and 725 Forward Drive (at the Madison Ice Arena). These sites will be open from 4-9 p.m. during the week and from 9 a.m. to 7 p.m. on weekends, starting April 3.

The City Council is also revising current ordinances to make private composting easier. The city will continue to pick up both loose and bagged leaves in the fall, starting Oct. 16, and your brush will be picked up more often, every four weeks

instead of every six weeks, starting April 3.

In addition, the county is considering banning used tires and old batteries from landfills.

And, finally, the city will be providing up to 14 recycling drop-off sites scattered around the city. These sites should be in operation by this summer. As a strong proponent of recycling, I urge all 2nd District residents to stay informed and to participate in these important county-wide efforts. Landfills are expensive, obnoxious to nearby residents, and costly to maintain and monitor over the long haul. Let's all help make Madison a premier city for recycling.

WELCOME GARDEN PROJECT: TLNA has initiated a "Welcome Garden" project which would be located near the Gorham and Baldwin intersection. The idea, initiated by Rob Latousek, could lead to an attractive garden entry point into our area. I will be sending a donation to TLNA to support this grand plan, and I hope many of you do the same.

BREESE STEVENS: Last year I requested parks funding to provide landscaping near the entrances to Breese Stevens Field. That project should start this summer, at the corners of E. Washington/N. Paterson and E. Mifflin/N. Paterson. Trees, ornamentals and a small retaining wall should brighten up those two bleak chunks of concrete. In addition, a new irrigation system is also on tap for the much-used field.

And while we're on the subject of "greening" up the neighborhood, I'll continue to work with Forestry and Parks Dept. staff to finish up street tree plantings along E. Washington Ave. I'll also be requesting continued in-fill of terrace trees along many of our side streets.

SCHOOLS RESOLUTION: The resolution that I sponsored regarding reopening an Isthmus school was passed by the City Council in earlier February. I also spoke at that time before the School Board, to reiterate neighborhood concerns about Lapham and the importance of that facility for the revitalization of our older neighborhoods. I'll continue to work with the TLNA and school officials on this important goal.

PARKS CLEAN-UP: The Parks Dept. has scheduled a May 6 date for a city-wide parks clean-up. In the past residents have done an excellent job in the spring of cleaning up Tenney Park and the Yahara corridor. Consider participating in this year's clean-up. More details will be out soon. Give me a call or contact your TLNA representatives.

PEDESTRIAN-BIKE ISSUES: I've been a member of the city's Pedestrian/Bike Committee for almost four years, and I'll continue to serve on that committee during 1989. We've set three major goals for the year: 1) to improve pedestrian safety throughout the city; 2) to upgrade the city's long-range bike plan; and 3) to improve and monitor the city's bike licensing program.

The committee is looking for volunteers to help serve on various sub-committees, so give me a call if you're interested. Or contact TLNA resident, ped./bike coordinator Arthur Ross in the Traffic

Engineering Division.

STREET IMPROVEMENTS: Several 2nd District streets are slated for resurfacing this summer. These include Fordem near the Camelot Square shopping area, McGuire St. near Webcrafters, and North St. The "washboard" portion of E. Johnson, although not in the district, will also be resurfaced from Pinckney to Hamilton.

<u>VOTE ON APRIL 4!</u> One last reminder to get out and vote on April 4. There are many important races and a big referendum question about the future convention center on the ballot. Get your licks in while you can.

Ald. David Wallner

SWAN & SKUNK AWARD

SWANS

Correction: The first listing below was attributed to a nonexistent and incorrect address in the last issue. We apologize for the mistake and are reprinting the corrected listing.

221 N. Livingston:

221 N. Ingersoll: At least two sides of this house so far have attained a stunning new appearance with a light blue, narrow-clapboard-style siding and white trim. Particular attention is drawn to the pediment crown over the door and a distinctive oval window. This is a big change from the previous dirty-brown, fake-brick, asphalt siding.

104 N. Baldwin: Exterior trim painting and a bay window addition on Baldwin have made a striking contribution to the block. The Christmas decorations and tree were particularly beautiful this year.

Supreme Pizza: Some remodeling of its seating area, including two glass block windows, has added brightness and roominess. Check it out.

SKUNKS

TLNA is happy to acknowledge a direct response to our "skunk" listing in the last issue (906 E. Gorham) and looks forward to some concrete demonstration of concern for the condition of the property on the part of the owner.

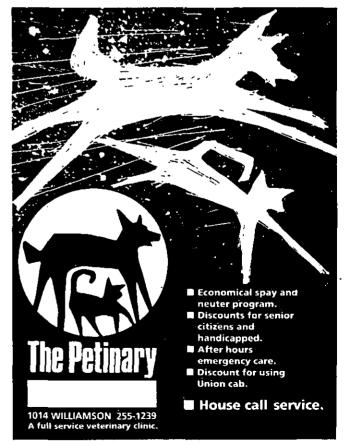

MEMBERSHIP

Since the beginning of our membership year on October 1, 164 members (57 new) have joined TLNA. Dues paid have amounted to \$529.50. Over the next six weeks the bulk of our membership will be renewed, so if you've been with us for awhile expect a visit. If you haven't, JOIN THE TLNA!

Join Your Neighborhood Association Please register me as a member of the Tenney-Lapham Neighborhood Association. Minimum dues are \$1.00 for individuals, \$0.50 for senior citizens, and \$5.00 for businesses. Name: Address: Phone: Mail to: Richard Linster 432 Sidney Street

Madison, WI 53703

FROM THE PRESIDENT

Since my last report the focus has remained on school issues. On Feb. 6, the Board of Education voted to move the kindergarten sections at Marquette Elementary to Lapham for the 1989-90 school year. Still unresolved is what further use will be made of the Lapham building. The Board initially sought to create a special study committee to include administration, staff, parents and community representatives. This, however, was scrapped. The Superintendent and administration will report back in May to the Board with recommendations. In the fall when enrollment figures are available, the Board will make a decision.

This spring I will be updating the information I obtained from many of you regarding our preschool age population. If the Board of Education is to make sound decisions they need to have sound information. Please call me with the following: family name, date of birth, and address.

I would like to thank all of you who took the time to communicate with the administration and Board. Your voices and letters demonstrate the importance we attach to these educational issues. Please continue to make your views known to them.

I would like to offer a salute to our fellow resident and TLNA member Anne Arnesen. Mrs. Arnesen is retiring after three terms on the Board.

She will be missed for the commitment, common sense and humor that she brought to her work and her concern for the children of Madison.

On Feb. 26 I attended a memorial service for our former alderman, Donald Murdoch. Mr. Murdoch served on the City Council from 1975-79. He was by all accounts a truly remarkable individual. It was not my fortune to have known him, but everything I have heard speaks to his greatness and good character. Christ Presbyterian Church was filled for his service with an amazingly diverse collection of people: the wealthy and powerful, the poor and humble, both local and from afar. I offer our condolences to his widow Ellen and daughter Cassie.

As I write this article I am looking forward to a meeting later this week arranged by our Parks committee co-chairs with Mr. Bill Bauer of the Parks Department. We will be providing our input into updating the master plan for Tenney Park. Tenney anyone?

Since the last newsletter the TLNA has been working with DMI regarding their marketing plan for the downtown. We plan a neighborhood open house for Sunday, May 21. I hope you will consider taking part in this event, "showing off a little" some of the justifiable pride we have in our neighborhood.

Also let me and the rest of the council hear from you. We all want an organization that serves all of our needs and interests.

EDUCATION

LAPHAM TO REOPEN FOR KINDERGARTEN

From: Glenn Borland, Northeast Director Madison Metropolitan School District Administration Office

- 1. In the fall of 1989 three sections of allday kindergarten will be located at Lapham School. One of the sections will offer a half-day option.
- 2. The Shaw Company, which presently manages the Lapham Building, has freed up adequate space for the classrooms and support rooms.
- 3. Bus transportation will be provided to all kindergartners in the Marquette attendance area (except those living near Lapham School who would not have to cross major streets). Transportation will be provided to licensed day-care providers in the Marquette attendance area.
- 4. Special programming and resources for children from the homeless shelters will be available on a voluntary basis at Emerson School.
- 5. Music, art and physical education classes and appropriate library and A/V materials will be provided at Lapham School. Computers will be in the kindergarten classrooms in accordance with the present Marquette Elementary computer rotation plan.
- 6. A full-time Educational Assistant will be a Lapham School. Also, 0.2 Nursing staff time (either one full day per week or 2 hours each day) has been allocated for kindergartners at Lapham School.
- 7. The Free or Reduced Lunch Program (to those qualifying) will be offered to the kindergartners at Lapham School.
- 8. All support services (Psychologist, Home School Coordinator, Speech and Language Specialist, Chapter I and Social Worker) will be located at Marquette Elementary and available on an as-needed basis.
- 9. Out-of-district transfers to Lapham School will be considered on a space-available basis.
- 10. A program for at-risk four-year-olds will also be located at Lapham School.

GARDEN

GARDEN TOUR TO BENEFIT WELCOME GARDEN

Fundraising for the TLNA Welcome Garden is now underway! At the February Neighborhood Council meeting, TLNA voted to provide \$500 in matching funds toward the project. The Ad Hoc Garden Committee will be responsible for raising the funds needed to match that contribution. The detailed plan for the garden and sign are being developed as we continue negotiations with the Community Development Authority for a legal agreement to allow use of the proposed site at the Tenney Park Apartments.

The first major fundraising event for the Welcome Garden will be the Third Annual TLNA Garden Tour, which is scheduled for Wednesday, June 7th. Participants should meet at the Christ Presbyterian Church parking lot at 6:30 pm. Admission fees will be \$1 for adults and \$0.50 for children.

The committee is asking gardeners who expect to have extra annual and perennial plants from their gardens to donate them to be sold during the Garden Tour for additional fundraising. If you have plants to donate or a garden to recommend for inclusion on the Tour, please call Rob Latousek (255-6979).

Tax-deductible cash donations to the TLNA Welcome Garden Project can be made payable to the Tenney-Lapham Corp. and sent to us at: P.O. Box 1105, Madison, WI 53701 (This address is different from TLNA's.)

In-kind contributions from businesses or individuals are also much appreciated, particularly garden supplies and specific plants or shrubs. A list of desired plants and other items is available on request.

FROM THE LEGISLATOR

The 3% Solution: Let the Voters Decide

The property tax is the largest revenue source in Wisconsin. Each year, over \$3 billion is collected by local governments.

Major industry's share of the local property tax has gone down, mainly because of a tax exemption created in 1974 which exempts manufacturing machinery and equipment from the property tax. Residential property taxpayers have had to pick up the slack and our share of the property tax burden has risen from 47% in 1970 to over 60% today. It is these homeowners the legislature wants to help with the 3% solution.

A New Direction in Property Tax Relief. If it becomes law, it will bring meaningful property tax relief for many Wisconsin families. The 3% solution would limit the amount of property taxes you pay to 3% of your household income. Any amount you pay over that would be reimbursed to you through a state refund check.

The 3% solution is the answer to our state's tax crunch. It's easy and effective, and it targets funds to those who need and deserve it most: average, hardworking Wisconsin homeowners.

The April 4th Referendum--What a Yes Vote Will Mean. The state constitution includes a "uniformity in taxation" clause which requires equal taxation of all property based on its assessed value. In the 19th century, that made a lot of sense because the amount of land you owned often reflected how wealthy you were.

Our proposed constitutional amendment will allow an exemption, so that we can send you a direct refund check based on your income level. The 3% solution allows us to limit your property taxes to your ability to pay.

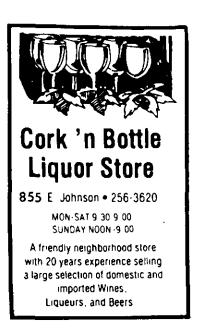

If voters approve this constitutional amendment, we can make the 3% solution a reality. If the amendment is not approved, the 3% solution cannot become law. The bottom line is no amendment, no 3% solution.

This issue is very important, and you, the voter, will make the final decision for us. You can tell us, with your vote, that you want direct property tax relief now.

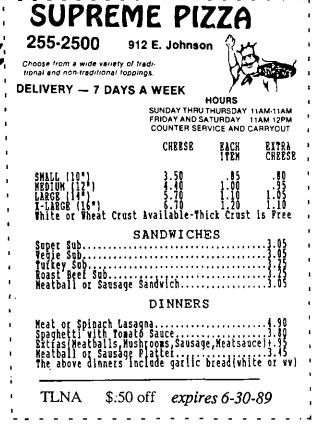

Rep. David Clarenbach

BRAILLISTS BEGIN TRAINING COURSE

Volunteer Braillists, Inc., will again be offering a six-month course in the transcription of print into Braille. We urge you to consider this worthwhile community service. If you are interested in this or other services for the visually impaired, please contact Gail Yu at our office (233-0222, 9 am to 12 noon) or Betty Oakley (233-7780).

IN YOUR NEIGHBORHOOD

GREAT BIG PICTURES

1444 E. Washington Ave.

Great Big Pictures isn't going anywhere.

The company, which offers photo services to corporations, businesses and individuals on a national and international basis, recently expanded and remodeled its corporate headquarters at 1444 East Washington Avenue, and relocated its offices to a larger space and expanded its range of services in Milwaukee. "This is home!" exclaims Joyce Renolt, Sales and Marketing Director.

In fact, as part of its expansion, here in Madison Great Big Pictures has renewed its commitment to the community. Tenney-Lapham neighbors probably haven't paid much attention to the company's offices as they drive by, but Great Big Pictures is looking to change that. In an effort to encourage improved urban design on East Washington Avenue, the display windows will be used to promote not only the company but community and neighborhood events. Great Big Pictures' location is ideal for public relations purposes. Renolt said, "We have a built-in audience for windows, since the train crossing is right here." The three main picture windows will feature new displays on company services and projects every three months. A fourth window will be used to promote festivals, performances, happenings and events in the Madison area.

What does Great Big Pictures do? Basically, the company creates large-scale photographic work for a variety of uses. Great big Pictures began life on Gilman Street, catering to students by creating

full-size posters for dorm rooms. After Mary Chandler, the current CEO, bought it from the previous owners, business blossomed. Great Big Pictures now offers a wide range of photo services, including color production, computer graphics and, especially, "non-film based" services combining photography, art work and type. Its location may be unchanging, but business is booming. Great Big Pictures' commercial business has grown rapidly, as computers have made possible increasingly sophisticated graphic and photo techniques and methods. The company works with both advertising agencies and in-house marketing departments of corporate and manufacturing firms. The company's work is used for trade shows, displays, exhibits, advertisements...you name it. Great Big Pictures employs 16 people in the Madison and Milwaukee offices.

Great Big Pictures also works extensively with the museum field. Mary Chandler is a nationally-recognized authority on archival preservation and photographic presentation. Locally, the company is a frequent collaborator with the Madison Art Center (they did several pieces for last year's Richard Avedon exhibit), but does a great deal of work with museums around the country as well. Work has just been completed on pieces for an Art Institute of Chicago exhibit and a traveling exhibit for the Smithsonian Institution.

ANNOUNCEMENTS

NURSERY CELEBRATES 10TH ANNIVERSARY WITH OPEN HOUSE

On Saturday morning, April 8, 1989, Tenney Nursery and Parent Center will be holding an Open House from 9:00 a.m. to 12:00 p.m. We invite you to join us in this special event which coincides with the nationally celebrated "Week of the Young Child."

In addition to the "Week of the Young Child," we are very proud to be celebrating our 10th anniversary!

The Open House will provide an opportunity to visit an exemplary, nationally accredited nursery school, noted for its unique learning environments. You will meet others who share your concern for the quality of life for young children. The Tenney Nursery and Parent Center is a non-profit cooperative school dedicated to the needs of parents and young children ages 0-6. We receive no direct subsidies or funding from either the Federal or State governments. We are not associated with any group intent on securing funding or other assistance. Our purpose in holding this celebration is to make the public conscious of the early childhood opportunities as they now exist.

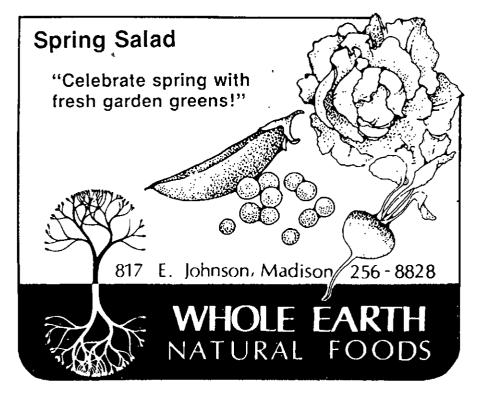

1989 BRUSH COLLECTION SCHEDULE

Residential Brush Collection is scheduled according to regular refuse collection days, as outlined below:

Regular Refuse Collection Day:	Brush out by 7:00 a.m. on Monday of:	
Mon./Tues.	1st week of month	
Wed./Thurs.	3rd week of month	
Friday	4th week of month	

This schedule is effective from April 3 through October 27, 1989.

Residents are asked to remove any metal, dirt, stones, and other inorganic materials which cause serious damage to the chippers used in processing. The City will not collect lawn or garden materials, fencing, stumps, or branches larger than 8 inches in diameter or 8 feet in length. No bags or containers should be used. Small bunches of brush should be tied with twine/string in 4 ft.X 8 in.(diam.) bundles. All brush should be stacked neatly with branches lying either parallel or perpendicular to the curb and well away from trees or other obstructions.

Why does he wish to serve on the school board? He feels that this is a culmination of a long

community involvement on his part. He feels that as he has had children in the district for 16-17 years it is important to be involved in the decision making. He was also influenced by the fact that both of his parents were teachers.

Focus: To provide a different kind of leadership. He feels that it is healthy to constantly test the system to make it better and cause improvement. This should in his opinion increase the quality of education in the district.

Seat 5

JAMES FULLIN

Professional/Community Involvement: Graduate of Notre Dame - Ohio State Law School -Madison resident for 16 years - State agency director - father of 2 West High Schoolers - Completing first term on the BOE - Chair of Madison Daycare Advisory Board - Active in Bar Association, Regent Neighborhood Association, Randall Franklin PTO.

Why does he wish to serve on the school board? Because Madison has strong programs, the capital, and human resources to provide for the challenges of the future. I wish to be a part of the effort to plan, preserve and enhance quality education in Madison for the future.

Focus: To increase citizen participation in district planning and decision making - to improve performance of lower achieving pupils - expansion of primary education model as developed in Madison expansion of 4 year old program so all disadvantaged children are served - restoration of middle school intramural program. He would like to see continued staff development particularly for the administration - evaluation and community input and merit pay for administration. Supports in principle the superintendent's reorganization. Played a major role in Hawthorne reopening. Has confidence in and gives weight to the opinion and direction of the Superintendent.
