WOOD CARVING

Phil has been working with wood since he received his first jigsaw at the age of ten. In his adult life he has enjoyed furniture building, carpentry, boat building, and most recently, wood carving. Phil works with a variety of woods, choosing the color and grain best suited to each carving. While a bandsaw may be used to create the initial carving blank, all carving and finishing is done with hand tools, primarily chisels, gouges, and knives. Projects on display will include a giraffe, great blue heron, shark, and three turtles on a log. Photos of various other carvings will also be on display.

HAND-CRAFTED WOODEN CANOES AND KAYAKS

Tom and Phil have been building canoes and kayaks together as friends and collaborators. (Phil will be showing his carvings at a different location on the Art Tour. Don't miss out seeing his marvelous work.) All of the boats shown by Tom are custom designed by the two of them. Materials used are redwood, white cedar, and red cedar for the hull and hard woods for the gunnels, thwarts and seats. Epoxy resins, fiberglass and spar varnish complete the crafts. The guys have built boats for 20 years experimenting, refining design,

Brian has been active showing his work in juried competitions regionally, including, most recently, Watercolor Wisconsin in Racine and Watercolor USA in Springfield, MO. More of Brian's work can be seen at U-Frame-It on Johnson Street; Outside the Lines Gallery in both Dubuque, IA, and Galena, IL; Water Street Gallery in Douglas, MI; and at his website: brianmccormick.artspan.com

8. Sharon Redinger, 408 Washburn Place

WATERCOLOR PAINTING

The close-up world of leaves and the splendor of landscape has captured Sharon's attention in her painting. Sharon's watercolor style is described as Hard-edge Watercolor Painting. Each wash of color is left to dry before another is placed next to it. Multiple layers of color washes create saturated colors and dark shadows. 8. Bill Redinger, 408 Washburn Place
608-256-6282, billredinger@gmail.com

SERIGRAPH PRINTING & WATERCOLOR PAINTING

Since 1987, Bill has found it enjoyable to depict scenes from creation—imitating nature. A favorite subject matter is wild flowers—flowers that have become a metaphor of the brevity of life. The prints Bill creates capture the light and fleeting beauty of objects of nature. A serigraph is an original color print made by pressing ink/pigment through a silkscreen stencil. Bill is also working on a watercolor series, along with Sharon, called "Fruitful Art".
