CORK 'N BOTTLE

855 EAST JOHNSON

(608) 256-3620

madisoncorknbottle.com

El Maestro Sierra Reserva Brandy \$56.99

A spectacular Spanish Brandy made in the Solera style by a well-respected sherry house, with a minimum of 20 years of aging. This is an excellent choice for post-holiday meal relaxation by the fire, with subtle, smooth nutty & butterscotch notes. A rare chance to taste a fine old product at the top of its class for less than \$60.

New Richmond Straight Rye Whiskey "Barrel #45" \$44.99 45th Parallel in New Richmond Wisconsin is one of the most exciting distilleries in the state of Wisconsin, and we're really excited to carry this rye whiskey. This bottling is from a Barrel selected by Chad Vogel at the Robin Room, and only available for retail purchase at our shop. It's spicy & well-balanced and makes a killer Manhattan.

Pertimali Sasseti Prosecco Superiore NV Valdobbiadene \$21.99 'Tis the season for bubbles! This sparkling wine is the perfect accompaniment to holiday celebrations. This small-production, handmade & low sulfite Prosecco is the perfect antidote to boring sparkling wines for holiday celebrations. Its bright minerality and mouthwatering finish make it great with food or on its own.

Fuso21 "Brusco!" 2014 Toscana \$11.99

This wine is one of our favorites with light bodied juicy cranberries and cherries and a little bit of spice on the finish. It's a great bottle to grab to take to holiday parties, since it pairs well with a wide variety of food. It's also good on its own after a long day of spreading holiday cheer.

The holidays can be a stressful time of year but have you wondered what toll your day to day stress takes on you? The NIH says that 90% of illness is stress related but how do you know how much stress you have until it is too late?. At Freedom Family Chiropractic, we can now tell you not only how your stress is affecting your brain and your body but also what you can do about it.

Until January 15th, you can receive a NeuroInfiniti Stress Response Evaluation in our office for only \$95 (normally \$195).
